Subject: RE: Re-instating historic footpaths to the Definitive Map

Hi Richard,

It's really hard to judge but cases can easily range from 18 months to 5 years depending upon their complexity, objections, back and forth from legal as well as waiting for any inquiry dates.

Thank you

Thank you George

This is helpful.

Realistically, how long might the 32 current cases take to find their way through the system – I can then manage expectations within the Parish Council.

Regards

Richard Allinson FCA

Subject: RE: Re-instating historic footpaths to the Definitive Map

Hi Richard,

There is no cost to the applicant for Definitive Map Modification Orders, all the costs incurred are paid by the Council.

If the claim is objected to by the landower's and we feel that it is worthy of pursuing further then there will also be the costs of the enquiry on top.

If it is possible I would write to the landowner to see if they are open to the idea initially as it may help them become less opposed to the proposal, it is not of course a given but often these cases are sprung from nowhere causing applicants to be against them.

Many thanks

George Massingham

Thank you George

We are certainly not expecting a swift solution. What is the likely cost?

Subject: RE: Re-instating historic footpaths to the Definitive Map

Good afternoon Richard,

I would advise that you submit a Definitive Map Modification Order Application to add/re-open these paths.

This will enable us to carry out a Historical Investigation when an Officer is free.

We do already have a number of these cases which we are looking to get through but this would join a queue of approximately 32 unallocated applications at the time of this email. These cases can take a while each and we both have 10 and 7 cases allocated to ourselves respectably so it may be a wait for anyone to be free to work on these applications.

If you are still willing to pursue this matter please let me know and I will send you the application forms.

For more information on DMMO's please see the link below.

Thank you George

We have not had a full discussion and agreed which ones we might like to pursue yet. But we have been looking at the OS 1" map 1885-1900 available on National Library of Scotland site on this link:
https://maps.nls.uk/geo/explore/#zoom=14.0&lat=52.45337&lon=-0.38493&layers=1&b=1

In Hemington, the ones in question go across what was Polebrook Airfield site and were no doubt blocked for security, and never re-opened after WW2. Not sure about the others yet.

I attach a PowerPoint done by a councillor where yellow and cyan markings are possible ones for re-opening (red are parish boundaries and green are existing RoWs), and also a snapshot from the Ramblers site around Hemington. I have marked in solid blue the trails I think we may seek re-instatement on, but this is only my view pending working group discussion and then ratification by the Parish Council.

Your response to my questions will inform these discussions and may change the outcome.

Many thanks

Good morning Richard,

With regards to your proposal are you looking to claim new Rights of Way or simply some do exist already but have lost to time due to overgrowth etc.

The reason I ask is because I am trying to work out any cost implementations.

Perhaps if you could send me over a plan of the routes in question I'll be able to provide that information accordingly.

Many thanks

Dear George

This Parish Council is considering applying for some historic footpaths to be re-instated on the Definitive Map.

I have read the guidance on NNC website, some of which does not quite seem to reflect the situation we are in, and I am unclear on how much preparatory work we would be expected to do, and the potential cost.

Would you be able to spare 5-10 minutes to talk me through it on the phone? If so we could put an appointment in the diary?

I look forward to hearing from you

With kind regards

Richard Allinson FCA
